Another affair of interest to the debutante set will be a buffet supper to be given in honor of Miss Martha Mary Hoody. The supper will be given by Mr. and Mrs. A. L. McClellan, at their home, Hampton Gardens, on Saturday, February 23 at 7 o'clock.

Luncheon for Mrs. Williams. One of the affairs given in honor of Mrs. T. C. Williams, Jr., took place yesterday at 1:30 o'clock at the home of Mrs. Gordon Smith. Buffet luncheon was served at small tables scattered throughout the rooms, and waiters were passed decorated with fresh nosegays of spring flowers. The room was filled with vases of Belgian marigold, jonquils and American Beauties. Mrs. Williams received with Mrs. Smith in a gown of a broad crepe. She is one of the most entertained of the brides of this winter.

Valentine Hunt. On the night of February 16, Governor Trinkle and his staff will be the guests of the Shriners of the city at box party, the occasion being the presentation of "The Jollies of 1922." The annual production of the Shriners of America Temple. This will be the first appearance of the governor and his staff in their new regalia.

On Monday afternoon, the Grace Episcopal Church Auxiliary will hold a novel entertainment. It will be in the form of a Valentine hunt, and will take place from 4 to 6 o'clock at 2600 Monument Avenue. A number of children's games have been arranged, as well as an attractively prepared table for candy and cake.

Mrs. E. Lee Trinkle will begin her Tuesday afternoon "at home" at the Governor's Mansion next week. Mrs. Trinkle will be at home from 4 to 6 o'clock every Tuesday afternoon until Lent.

Story-Telling Hour. Miss Lou Belle Jones, the well-known teller of these delightful stories, will hold a story-telling hour for children this afternoon at 4 o'clock in the parish house of St. Thomas Church, under the auspices of the Woman's Auxiliary.

Mr. and Mrs. M. Herman announce the marriage of their daughter, Margaret, to Harry S. Cobb, of Baltimore, Md. The wedding took place in the Raleigh Hotel, Washington. Only the immediate families were present.

Miss Rosen Entertained. Mr. and Mrs. Myer Levy have had as their guest at the Stonehill Apartments, 7 North Boulevard, the following: Miss Edith Rosen, of Baltimore. Many smart affairs were given in her honor during her stay here.

IN AND OUT OF TOWN.

Mrs. John B. Ecker, of Lexington, is spending some time with Mrs. Hugh Smith at 614 West Franklin Street.

Mrs. Edmund S. Wolfe, of Bridgeport, Conn., is spending a short time in Richmond on her way home from an extended visit in Florida.

Richmond Chapter of the Institute, presided at the meeting. He welcomed the speakers, members, guests and Governor, and said that, owing to the war, this was the first banquet which the organization had held since 1914. He was captured at Fort Delaware, and thence, with the "Immortal Six Hundred," was sent to Morris Island, where he was, with the others, placed under the fire of his own comrades. Later he was returned to Delaware Island, and was a prisoner for about fourteen months.

As president of the Chamber of Commerce Mr. Hawes suggested many civic and business activities and he was foremost in advancing the Police Benevolent Association toward the pinnacle which it now occupies as a most valuable asset to the department of the city government. He was active in church affairs, and served on the official board of his church for many years.

Mr. Hawes was ill but a few days, having "reported" for duty in his office about two weeks ago. He had been confined to his room about ten days.

WHAT FASHION'S MIRROR DISCLOSES

During the transitional period when dress manufacturers and retailers are adjusting their economic differences women have an unusual opportunity to benefit. Never before have clothes been offered so reasonably as the smart shops all over town prove. Lack of money among the buying public is cited as a reason for the phenomenal offerings.

Adjusting of prices, from the high mark of war time materials to the more normal, is another. Some one is the loser. But in any case, the woman who has some extra money to spend at this time may accumulate a delightful wardrobe that can be made to serve several seasons when clothes may again be high in price.

A frock of tricotline or serge is always serviceable. The material has been in vogue several seasons and the prediction comes from fashion authorities that it will remain the favorite winter material for several seasons more. Nonpareil materials will, of course, make their appearance from year to year to break style monotony. But for the average stockholder, a frock of navy tricotline or serge is an excellent purchase at this time.

Choose your frock with simple lines. A frock with this sort of silhouette may be used with the more extravagant notes next year. It is doubtful, however, whether the simple tailored model will ever be

LARGE HATS THE VOGUE

NEW YORK, Feb. 10.—Hats are large! There's no denying that. The lady's tendency, when she dresses for afternoon or evening, is toward the large hat. This fashion design, which trails a handsome feather at

the side, is of lightweight silk velvet, especially for winter-season wear. The wide brim droops becomingly over the face. The crown is large and soft.

SEE DELANY TRANSFER OF MUSCLE SHOALS PLANT

Courts Will Have to Solve Questions Should Ford Get Contract.

MAY TAKE THE ENTIRE YEAR Government Would Have to Institute Condemnation Proceedings Before Clear Title to Land Can Be Secured for Detroit Man.

[By Associated Press.] WASHINGTON, Feb. 10.—Delays estimated from six months to a year or more probably will be encountered by government officials before they are in a position to turn over the nitrate plants, power stations and water dams at Muscle Shoals, Ala., to Henry Ford, should his proposed contract for their purchase and lease "in the manufacture of fertilizer" for a period of 10 years be accepted.

Despite the most expeditious action by Congress, in the event it authorizes the War Secretary to accept the contract, it was estimated today by members of the House Military Committee attending hearings on the Ford offer, that such a delay was apparently inescapable.

Questions Are Raised. Questions were raised at the hearing today by committee members, which, in the opinion of some with long experience in legal matters, would necessarily have to be solved by the courts, irrespective of congressional action, which was not to be expected. These involved the question of clear titles to Mr. Ford of government-owned properties connected with the Muscle Shoals project, but which are located on lands privately owned and whose owners claim they have legal options for the purchase of the buildings which they intend to exercise.

It was the opinion of some committee members after hearing the testimony of Colonel John Hull, acting judge advocate-general of the army, that the government would be compelled to institute condemnation proceedings before it could obtain the necessary titles to the lands for Mr. Ford and meet the owners who would perhaps test their rights in the courts.

Must Condemn Land. Colonel Hull said it was his opinion that the contractual obligations of the "non-enforceable" and "null and void" could not be successfully presented either by the Alabama Power Company representatives or officials of the Air Nitrates Corporation, both of whom claim optional privileges and have informed Secretary Weeks that they intend to exercise them before the Muscle Shoals properties are disposed of to private concerns.

As the chief lawyer of the army, the colonel said later that "the first thing I did in the event Congress voted authority to Mr. Weeks to enter into the contract with Mr. Ford, was to proceed to condemn."

Requests to present their arguments to the committee in defense of their claims have been made to Representatives of the Alabama Power Company present at today's meetings declared the committee chairman and have informed Secretary Weeks that they intend to exercise their claims, which spokesmen were heard next week.

Major-General Beach, chief of army engineers, had preceded the judge advocate on the stand at the forenoon session and repeated his advice given yesterday against re-opening the 100-year time clause in the Ford offer to delay, as had been suggested in the past hearing on the subject by Secretary Weeks.

Colonel Hull was excused late today, Chairman Kahn adjourned the session.

IRISH UNIONISTS TO BE PROTECTED BY BRITISH SOLDIERS

(Continued From First Page.) The Railroads Industrial Operative Society.

The seizure of the railways was carried out at 1 o'clock this afternoon without the slightest disorder. No opposition was encountered by the strikers, whose officials installed themselves in the board room of the stations. Pickets outside prevented newspaper men from entering.

The action of the strikers was due to the men having refused to accept the terms of settlement of the strike arrived at by the Dublin conference yesterday. The strikers are demanding 70 shillings weekly pay and a reduction of their hours of work.

No trains were moved over any of the lines today, but arrangements were being made tonight to start the service tomorrow. It is expected that the Ministry of Labor will intervene in the situation.

LEGISLATURE MEMORIALIZES I. C. C. FOR FREIGHT RATE CUT

Declares Substantial Reduction Is Necessary to Bring About Normal Business Conditions—Delegation Goes to Washington.

Resolutions memorializing the Interstate Commerce Commission in regard to a reduction in freight rates will be presented on behalf of the General Assembly this morning by a committee of three, headed by Senator William H. Jeffreys, Jr., of Mecklenburg, author of the paper.

Senator Jeffreys will be accompanied to Washington by Senator John J. Miller, of Rappahannock, and Major Alexander Forward, of the State Corporation Commission. The party will be received by the Interstate Commerce Commission at 11 o'clock. It is probable that United States Senators Swanson and Glass will accompany the committee.

The memorial recites that commodities constituting a large part of the tonnage handled by the railroads are being pre-war prices, while rates continue 80 per cent higher, and that, as a consequence, many commodities cannot be transported to market except at a loss to the producer. It points out that water rates have gone back to pre-war basis and that those producers who cannot take advantage of them are being ruined by competition with those more fortunate.

Industrial plants are closed down, business paralyzed and millions of men idle as a result of high rates, the memorial states. It declares that the multiplicity of freight charges prevents such a reduction in living cost and rental charges, as the present price of agricultural products and

building material would seem to warrant. Labor is reluctant to accept a wage cut because it cannot see a reduction in living costs.

"We believe a substantial reduction in freight rates is necessary and will aid materially in bringing about normal business conditions; that it will result in a revival of business and consequent increased tonnage to the carriers, which increased tonnage to carriers will more than offset revenue from freight reduction," the preamble concludes.

For Colds, Grip or Influenza and as a Preventive, take Laxative BROMO QUININE Tablets. The genuine bears the signature of E. W. Groves. Be sure you get BROMO. 20c.—Adv.

Can You See Your Ribs?

"It wasn't that I wanted to get fat—no, I just wanted to put on about 8 pounds more flesh, then I'd be just right. I've nibbled at diets, gorged big meals, I've haunted health resorts, been to the climates, guzzled milk, butter, milk, olive oil, emulsions, swallowed pills, digestion aids, and a score of other 'wonder' works. Finally, I'd owned on my face, all these things was building up the new red blood cells I needed. I took S. S. S., the greatest red-blood-cell builder, firm-flesh producer, blood-cleanser known. I put on 7 pounds in a month and my nerves, instead of strings feel like wires. S. S. S. has the world beat."
